[As introduced in the Legislative Assembly.]

*A Bill further to amend the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898; It is hereby enacted as follows:— V of 1898.

**Short title.**

**1.** This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

**Amendment of section 167, Act V of 1898.**

**2.** In section 167 of the Code of Criminal Procedure, 1898,— V of 1898.

(*i*) in sub-section (*1*), before the words "such Magistrate" the words "the place where" shall be inserted, and after the words "such Magistrate" the words "ordinarily holds his Court" shall be added; and

(*ii*) in sub-section (*2*), after the words "this section" the words "after hearing the accused or his counsel if the accused so desires" shall be inserted.

## STATEMENT OF OBJECTS AND REASONS.

Section 167 of the Code of Criminal Procedure is intended to provide for the necessity of obtaining remand of the accused to custody, so that the police may be enabled to complete the investigation. The Magistrate is required to give reasons for granting the remand. The accused has a right in justice to place his side of the case before the Magistrate, before the reasons given by the police are accepted by the Magistrate. Every person charged with an offence is presumed to be innocent till he is convicted of the crime with which he is charged. Hence the detention before conviction should be as short as can conveniently be made. The accused is entitled to be placed on his trial at the earliest moment and should not unnecessarily be detained in custody. Hence it is in the interest of justice that the accused should have a right to be heard before he is remanded. There have been several cases during the recent years where the accused were not brought to the Court before the Magistrate for obtaining the remand. The Magistrate was instead taken to the place where the accused was detained. Without giving an opportunity to the accused to be heard, the Magistrates often pass orders of remand after hearing the police side of the case alone. This is not in accordance with the principles of justice. Hence the present amendment is necessary in order to make it obligatory on the part of the investigating authorities to produce the accused before the Magistrate in a calm and solemn atmosphere of Court before any order of detention is passed.

(*4*) Any person authorised by the Provincial Government in this behalf, who has reason to believe that an offence against this Act has been or is being committed in respect of any animal, may, if in his opinion the circumstances so require, seize the animal and produce the same for examination by the Veterinary Officer in charge of the area in which the animal is seized; and such police officer or authorized person may, when seizing the animal, require the person in charge thereof to accompany it to the place of examination.

(*g*) requiring persons owning, or in charge of, premises in which animals are milked to register such premises and to permit their inspection for the purpose of ascertaining whether any offence against section 4 is being, or has been, committed therein.

(*3*) If any person contravenes, or abets the contravention of, any rule made under this section, he shall be punished with fine which may extend to fifty rupees.

Persons authorized under section 13 to be public servants.

**16.** No suit, prosecution or other legal proceeding shall lie against any person who is, or who is deemed to be, a public servant within the meaning of section 21 of the Indian Penal Code, in respect of anything in good faith done or intended to be done under this Act." XLV of 1860.

## STATEMENT OF OBJECTS AND REASONS.

Since the enactment of the Prevention of Cruelty to Animals Act, 1890 (XI of 1890), conditions have materially changed both in the attitude of the public towards the question of cruelty to animals and in the circumstances in which, in modern times, draught animals have to work. That the Act in its present form is inadequate to check some forms of cruelty, and that public opinion in recent years has become alive to the question has been shown by legislation passed from time to time in the Provinces of Bengal and Bombay to make more effective provision for the prevention of cruelty to animals. In particular there has recently been abundant evidence of public opinion in favour of more stringent measures to suppress the practice of "phooka". Except in Bombay and Bengal the Act of 1890 has remained in force in its present form throughout British India. Hitherto the subject has been a provincial one, but it is now open to Central as well as Provincial Legislation, and after ascertaining that the large majority of Provincial Governments are in favour of amendment of the Act by Central Legislation, it has been decided to introdce this Bill with the object of remedying defects which have been found to exist in the Act and in particular to make more effective provision for checking the practice of "phooka".

Papers Nos. I-IV

We, the undersigned members of the Select Committee to which the Bill to control the coastal traffic of India was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

We have completely re-drafted the Bill with the object of providing a more practical scheme for achieving the objects aimed at by the Bill.

We have introduced a definition of "coastal traffic" making it clear that this includes traffic between ports in British India and ports in Ceylon and Burma.

We have introduced a system of registration for the purpose of supplying a more effective means of exercising control over persons engaged in coastal traffic.

2. The Bill was published in the Gazette of India, dated the 25th April, 1936.

3. We think that the Bill has been so altered as to require re-publication.

## MINUTES OF DISSENT.

The Bill as amended by the Select Committee is no doubt a considerable improvement upon the original Bill. But all the same we are decidedly of opinion that it will not achieve the object of the Bill, *viz.*, development of an Indian mercantile marine. Nothing short of the reservation of the coastal traffic will solve the problem.

A. C. DATTA.

*The 3rd March, 1938.*

SANT SINGH.

*The 4th March, 1938.*

This Bill, if passed into an Act, will be a futile one. I cannot conceive how an Indian mercantile marine can be developed without reserving the coastal traffic to ships brought under an Indian Register. Almost every other country had in the beginning imposed drastic restrictions on foreign ships.

SAMI VENCATACHELAM CHETTY.

*The 2nd March, 1938.*

This Bill was too bald and too inadequate, in my opinion, before the Select Committee commenced its labours. I was of opinion that unless it was wholly re-drafted it would prove injurious to the very purpose for which it was intended. The improvements effected by the Select Committee do not go far enough to achieve the objects of either reserving coastal shipping to Indian enterprise, or eliminating objectionable practices. In fact, there is substantial danger, under the punitive clause, of the right of complaint being so abused as to send the less resourceful rivals to the wall.

It is a matter of great national importance and the Government should take the initiative in bringing forward a measure which should encourage and protect Indian enterprise. I am far from satisfied with the Bill as it has emerged from the Select Committee.

BHULABHAI J. DESAI.

M. ASAF ALI.

G. V. DESHMUKH.

This Bill, as re-drafted, in our opinion still contains the objectionable features which were mentioned during the debate on the motion for its reference to this Select Committee, whilst its scope has been widened so as to include goods and passengers carried between India and Burma, and between India and Ceylon. We are opposed to clauses 2—8 inclusive.

N. N. SIRCAR.

M. SLADE.

F. E. JAMES.

C. C. MILLER.

We agreed to the changes made in Select Committee under the impression that it was competent to us to make the changes. Since the meeting of the Select Committee we have been advised that the definition of the term " Coastal Traffic " in clause 2 and the consequential provision in clause 5 extending the scope of the term to ports in Ceylon and Burma, is not only too wide, but beyond the competence of the Indian Legislature. We shall, therefore, object to such extension and shall want to limit the definition and the operation of competition to ports in India only.

RESOLUTION—No. 274T.R.

*Darjeeling, the 14th May 1938.*

Read—

The annual report on the Survey and Settlement Operations in Bengal for the year ending the 30th September 1937.

Traverse survey was done by the method of post-pointing over an area of 1,091 square miles in Dinajpur and by the ordinary method over an area of 1 square mile only in the same district. Minor traverse work was carried out in a total area of 114·45 square miles scattered over several districts in the province. In addition the Survey Department did work of considerable value in comparative mapping, demarcation of boundaries and reproduction of maps. The total number of sheets printed was 13,120 against 11,062 in the previous year.

2. Major settlement operations were in progress in the districts of Rangpur, Dinajpur, Howrah and Hooghly, while minor settlements as well as the maintenance operations under section 158A of the Bengal Tenancy Act were conducted in sixteen districts.

3. The total area for which a record-of-rights has been completed is 60,782 square miles out of a total of 65,231 square miles to which the Bengal Tenancy Act applies. The maps and the records are as popular as ever and their usefulness in every branch of the administration is universally recognised.

During the year under report the privilege of certificate procedure was granted to twenty-eight estates. In view of the impending repeal of section 158A as proposed in the Bengal Tenancy Amendment Bill, a tendency was noticed on the part of some of the privileged landlords to postpone maintenance operations in their estates until the final result of the Bill was known.

4. Rai Bijay Bihari Mukherji Bahadur was in charge of the department throughout the year, except from the 7th to the 9th May 1937, when he was on leave, and Rai Nepal Chandra Sen Bahadur acted in his place. The Governor has much pleasure in acknowledging the efficiency and care with which the department of Survey and Settlement have been managed in the year under review. He is also pleased to direct that the good work done by the Survey Officer Major C. B. Sexton, the Settlement Officers Messrs. A. C. Hartley, F. O. Bell, S. B. Hatch-Barnwell, Rai Nepal Chandra Sen Bahadur, Rai Romesh Chandra Sen Bahadur, Rai Sahib Hira Lal Sen and by other officers mentioned in the last two paragraphs of the report be recorded.

Order—Ordered that the resolution be published in the *Calcutta Gazette*.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 9th May 1938.

### Final Forecast of the Wheat Crop of Bengal, 1937-38.

[*Note.*—On an average of the five years ending 1935-36, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1935-36, averaged (*a*) 41·7 and (*b*) 9·7 per cent. respectively.]

*Character of the season.*—As reported in the third forecast, the conditions have remained practically unchanged. The growth of the crop has been adversely affected by prolonged drought. On the whole, the season has been a fair one for the crop.

*Acreage.*—According to [illegible] estimates, the total area sown is 160,900 acres this year as against 148,500 acres last year.

*Outturn.*—The provincial outturn as worked out from the district estimate is 80 per cent. of the normal as against 84 per cent. last year. Taking the normal yield to be 9½ maunds per acre, the gross yield of the crop for the province is estimated at 45,400 tons this year as against 44,300 tons (revised) last year.

At the end of April the wholesale price of wheat in the Calcutta mart was Rs. 3-5 annas per maund or about 16 per cent. lower than the price ruling at the corresponding period of last year. The price of common rice at Calcutta, on the other hand, was Rs. 4-2 annas per maund or about 3 per cent. higher than last year.

RULES.

1. (*i*) A candidate who desires to appear at the examination shall apply to be admitted to the examination before such date and in such form as the Federal Public Service Commission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only, for a like period.

(*ii*) In the case of Calcutta, applications shall be submitted through the Commissioner of Police.

(*iii*) Cadets of the Prince of Wales's Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(*iv*) A candidate resident in an Indian State shall submit his application through the Durbar, who will forward it to the Political Officer or Agent.

(*v*) No candidate shall make more than one application in respect of this examination.

(*vi*) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Agent who signs the attestation form.

2. A candidate must be an unmarried man and either—

(*a*) A British subject of Indian domicile or an European, Anglo-Indian or Indian of Burman domicile whose father (if alive) is a British subject or a subject of a State in India, or a British protected person of the tribal areas; or (if dead) was at the time of his death either a British subject or a subject of a State in India or a British protected person of the tribal areas, or a person in the permanent service of the Crown or a person who had retired from that Service;

(*b*) a Ruler or a subject of a State in India or a British protected person of the tribal areas.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

3. A candidate must furnish a declaration from his father or guardian, in the form prescribed, that the latter is in a position, and will be prepared to discharge the financial obligations attaching to the candidate's training for appointment to the Royal Indian Navy. Should it be found that the declaration in regard to discharge of financial obligations during the period of training is false in any respect, the candidate will be liable to immediate removal.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor-General in Council, be limited to such number as the Governor-General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Federal Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers in the Royal Indian Navy.

5. A candidate for this examination must have been born not earlier than the 2nd May, 1919 and not later than the 1st May, 1921.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Royal Indian Navy. A candidate who after examination by a Medical Board is found not to satisfy these requirements will not be accepted for admission to the Service.*

*Only successful candidates will be medically examined. Candidates are recommended to consult a Civil Surgeon as to their physical suitability before entering for the examination.

7. A candidate must satisfy the Federal Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Royal Indian Navy.

8. The decision of the Federal Public Service Commisson as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Federal Public Service Commission.

10. Any attempt on the part of a candidate to enlist support for his application will disqualify him for admission to the Royal Indian Navy.

11. Candidates must pay the following fees

(*i*) Rs. 7-8-0 with the application form,

(*ii*) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

(Only Treasury Receipts for these amounts will be accepted by the Federal Public Service Commission.)

(2) The examination required by sub-regulation (1) shall be made with an approved locked flame safety lamp and a cage containing small birds or other means of detecting carbon monoxide gas approved by the Chief Inspector. No additional light shall be used other than an approved electric torch or lamp.

87G. (*1*) Approved locked safety lamps or electric torches shall be exclusively used in the work of dealing with or damming off an underground fire:

Provided that where, in the opinion of the manager, it is necessary to take immediate steps to deal with an outbreak of fire, the provisions of this sub-regulation shall be deemed to have been complied with if the workmen engaged in dealing with the fire are provided with approved safety lamps or electric torches as quickly as is reasonably practicable.

the following precautions with respect to danger from dry coal dust shall be taken:—

(*a*) All haulage and tramming roads shall be systematically kept clear of accumulations of dry coal dust.

(*b*) All such roads shall be systematically treated with water or incombustible dust in such a manner as to prevent an explosion from being initiated or propagated by coal dust. If incombustible dust is used for the purpose, it shall be of a kind which is not likely to be injurious to the health of workmen.

(*2*) The precautions laid down in sub-regulation (*1*) shall also be observed at all places within 400 feet of an area—

(*i*) which has been or is being sealed off on account of fire; or

(*ii*) in which pillars are being extracted.

(*3*) The Chief Inspector may, by order in writing, grant, subject to such conditions as he may impose, exemption from the provisions of sub-regulation (*1*) or sub-regulation (*2*) to any mine or part of a mine on the ground that, on account of the special character of the mine or part, the observance of the precautions laid down therein is not necessary.

87J. In any working mine in which a fire is known or is believed to exist—

(*a*) adequate precautions shall be taken to prevent the passage of air from the mine through any goaf or through broken strata connected with the fire; and

(*b*) no work, other than work required by clause (*a*) of this regulation, shall be done in any part of the mine which is not effectively sealed off from any such goaf or broken strata."

XX. For regulation 93, the following regulation shall be substituted, namely:—

"93. Where a main haulage road extends to a distance of more than 3,000 feet from the shaft or the entrance to the mine, efficient means of telephonic communication shall be provided and maintained between a suitable station near the end of every such main haulage road, the pit-bottom and the surface, or between a suitable station near the end of every main haulage road and the entrance to the mine:

Provided that the Chief Inspector may by order in writing require the provision of means of telephonic communication where in any mine the main haulage extends to a distance of less than 3,000 feet from the shaft or the entrance to the mine, where travelling is unduly arduous:

Provided further that the Chief Inspector may by order in writing permit the use of other suitable means of communication in cases in which the conditions in the mine are not suitable for telephones."

XXI. For regulation 95, the following regulation shall be substituted, namely:—

"95. (*1*) No person shall permit a tub or tubs to run uncontrolled except with the consent of the manager:

Provided that the Chief Inspector may, by order in writing, prohibit the uncontrolled movement of tubs at any place where, in his opinion, there would be danger of injury to persons.

(*2*) No person shall ride on any tub, truck or wagon, either under ground or above ground, except with the written permission of the manager."

XXII. In regulation 96A, the words "in which inflammable gas has been found during the previous twelve months or in which there is a risk of inflammable gases entering the mine from an underground fire" shall be omitted.

XXIII. After regulation 101, the following regulation shall be inserted, namely:—

"101A. No liquid oxygen explosive shall be used in any underground part of a mine."

XXIV. For regulations 108 and 109, the following regulations shall be substituted, namely:—

"108. (*1*) No shot shall be stemmed or fired except by or under the personal supervision of a competent person appointed by the manager by order in writing to be a shot-firer.

(*2*) In any mine in which more than 50 persons are employed underground at any one time, no person shall be so appointed or shall perform the duties of a shot-firer who is responsible for making inspections under sub-regulation (*2*) of regulation 70.

(*3*) With effect from the 1st day of April 1940, no person shall be appointed as a shot-firer under sub-regulation (*1*) unless he holds either a shot-firer's certificate or a sirdar's certificate or a manager's certificate granted under these regulations.

109. Every shot-firer shall, before a shot is fired by him or under his supervision, see that all persons in the vicinity have taken proper shelter at a safe distance; he shall also take suitable steps to prevent any person aproaching the shot and shall himself take proper shelter."

XXV. For regulations 115 and 115-A, the following regulation shall be substituted, namely:—

"115. (*1*) In any place in a mine in which the use of a locked safety lamp is for the time being required by or in pursuance of these regulations—

(*a*) no shot shall be stemmed or fired by any person who does not hold a sirdar's certificate endorsed for gas testing;

(*b*) no shot shall be fired until the shot-firer has examined both the place where the shot is to be fired and all accessible places within a radius of 60 feet for the presence of inflammable gas and has found such places free from gas;

(*c*) no shot of a Permitted Explosive shall be fired except by means of a shot-firing apparatus of a type approved by the Chief Inspector and subject to such conditions as he may from time to time lay down by notification in the Gazette of India:

Provided that the Chief Inspector may, in special cases, by order in writing, permit, subject to such conditions as he may specify, the use of any other shot-firing apparatus.

(*2*) (*i*) Every approved shot-firing apparatus in use in a mine shall, once at least in every three months, be cleaned and thoroughly overhauled by a competent person appointed in writing by the manager.

(*ii*) No person shall use or allow to be used any approved apparatus which has become unsafe or defective.

(*3*) No shot shall be fired at any place underground in a mine unless the place itself and all accessible places within a distance of 60 feet—

(*a*) are naturally wet, or

(*b*) have been drenched with water to such an extent that there will be no danger of dry coal-dust being raised into the air by the shot, or

(*c*) have been thoroughly treated with incombustible dust."

XXVI. For regulation 116, the following regulation shall be substituted, namely:—

"116. No explosive other than a Permitted Explosive shall be used—

(*a*) in any mine in which inflammable gas has within the previous twelve months been reported to be present or in which safety lamps are required, by or in pursuance of these regulations, to be used for any purpose other than inspections; and

(*b*) in any other mine in any main haulage road or main intake or main return airway or any place immediately contiguous to such road, intake, airway or place, unless such road, intake, airway or place is naturally wet throughout:

Provided that in the case of any mine or any part of a mine an exemption may be given by the Chief Inspector, subject to such conditions as he may impose, on the ground that, on account of the special character of the mine, the prohibition of the use of explosives other than Permitted Explosives is not necessary."

XXVII. After regulation 116A, the following regulation shall be inserted, namely:—

"116B. In any underground part of a mine two or more shots shall not be charged or fired in the same place simultaneously, if the explosive used is not a Permitted Explosive:

Provided that this regulation shall not apply to—

XXIX. For regulations 123 to 125, the following regulations shall be substituted, namely:—

"123. (*1*) No artificial light other than an approved locked safety lamp shall be allowed or used—

(*a*) in any seam in a mine in which an explosion or ignition of inflammable gas has occurred during the previous twelve months:

Provided that the Chief Inspector may, subject to such conditions as he may impose, exempt any mine from the operation of this clause, on the ground that on account of the special character of the mine the use of safety lamps is not necessary;

(*b*) in any place in a mine in which there is or is likely to be any such quantity of inflammable gas as to render the use of naked lights dangerous;

(*c*) in any working near a place in which there is likely to be an accumulation of inflammable gas; or

(*d*) in any ventilating district of a mine in which inflammable gas has been found during the previous twelve months.

(*2*) If any difference of opinion arises between an Inspector and a manager on the question whether the conditions specified in clauses (*b*) and (*c*) of sub-regulation (*1*) exist in any mine, the question shall be referred to the Chief Inspector whose decision thereon shall be final.

(*3*) In the case of any mine to which clause (*d*) of sub-regulation (*1*) applies the Chief Inspector may, if safety lamps are not immediately available, grant a temporary exemption from the operation of that clause, subject to such conditions as he may specify, until such time as safety lamps can be obtained.

(*4*) In any mine or part of a mine in which safety lamps have been in use in compliance with the provisions of sub-regulation (*1*), no artificial light other than an approved locked safety lamp shall subsequently be allowed or used, except with the written consent of the Chief Inspector,

*Explanation.*—Where the ventilation in a mine is not mechanically controlled, the ventilating district shall be deemed to include the whole mine. Where the ventilation in part only of a mine is not mechanically controlled, the whole of the part in which ventilation is not mechanically controlled shall be deemed to be a single ventilating district.

124. Notwithstanding anything contained in regulation 123, fixed electric lights from power mains may be used in any part of a mine which is not within 600 feet of any working face, provided such installation complies with the rules made under the Indian Electricity Act, 1910, relating to the use of electric energy in parts of mines in which inflammable gas is likely to occur in quantity sufficient to be indicative of danger.

125. In any mine in which inflammable gas has been found during the previous twelve months, no advance gallery shall be driven more than ten feet ahead of the widened gallery and in every such gallery the ventilating current shall be conducted as near to the working face as is practicable."

XXX. In regulation 127—

(*i*) in clause (*a*) after the word "appointed" the words "in writing" shall be inserted, and for the word "used" the words "issued for use" shall be substituted;

(*ii*) for clause (*b*) the following clause shall be substituted, namely:—

"(*b*) A competent person appointed in writing by the manager for the purpose shall examine every safety lamp at the surface immediately before it is taken underground for use and shall assure himself, as far as practicable, from external observation that each lamp is in safe working order and securely locked. The person so appointed shall not be the banksman except in a mine where the number of persons employed underground is not more than 50 at any one time."

(*iii*) Clauses (*d*) and (*e*) shall be renumbered as clauses (*f*) and (*g*), respectively.

(*iv*) before clause (*f*), as renumbered, the following clauses shall be inserted, namely:—

Every new entry in the book shall be shown to the manager without delay.

(*e*) The manager or a competent official appointed in writing by the manager for the purpose, other than the persons referred to in clauses (*a*) and (*b*) of this regulation, shall examine thoroughly all safety lamps in use at a mine at least once in every week, and shall record the result of his examination in a book kept at the mine for the purpose. The Bengal Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates, after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal ; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangement. The Hindu mess shall be entirely self-supporting ; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 9 per month. **Extracts from Standing Rules for students.**

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session. Such leave is granted only on a requisition from the *bona fide* guardian of the student concerned.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

6. During work out of doors students should wear shorts and shirts. Wearing sola topee is also recommended.
